Experiences in LPNI Study Tour – Germany 2014

Thank God for the blessings that he has given me, in order to meet other people who are doing the similar ministry work as Lutheran Parish Nurses globally.

The tour to Germany was a historical and memorable one that I can share with my fellow Lutheran Parish Nurses in Goroka, congregations, parish and Papua New Guinea at large.

I do really appreciated the fact that it was organized in such a way that we saw and actually followed were Martin Luther set foot long ago. I will always remember all this historical sites and share with others in my country.
